ENVIRONMENTAL RULES

Partners4HSExcellence

Life Saving Rules

- Confined space
- Working at Height
- Work Authorization
- Energy Isolation
- Line of Fire
- Bypassing Safety Controls
- Driving
- Hot Work
- Safe Mechanical Lifting
- Fit For Duty
- Reduce, Reuse, Recycle: Make every resource count
- CO2 emissions reduce: Less is More, Our Planet's Score
- Water. Conserve, Preserve: Every Drop counts
- Conserve Energy: Power with care, everywhere

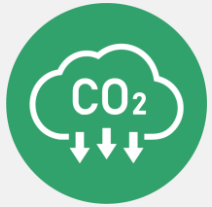
δesfa
care to protect

Sustainable Future: Our priority

DESFA's Environmental Rules are based on 4 main sectors

3 'R's - Reduce, Reuse, Recycle

Make Every Resource Count



CO_2 emissions

CO_2: Less is More, Our Planet's Score!

Water

Conserve, Preserve: Every Drop Worths

Energy

Power with care, everywhere

δesfa
care to protect

3 'R's - Reduce, Reuse, Recycle

Make Every Resource Count

Rules

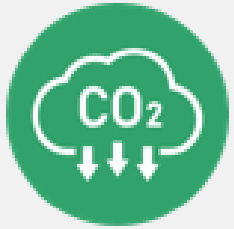
I encourage the practice of reducing waste generation and reusing items when possible

I prefer to use the recycle bins within my working space

I do not litter or dispose of non-biodegradable materials on the soil

I stay informed about any updates on waste materials

δesfa
care to protect



CO_2 emissions

CO_2 : Less is More, Our Planet's Score!

Rules

I prefer green transportation such as carpooling, public transportation or cycling

I print only when necessary and double-sided when possible

I participate in support tree-planting activities

I promote a culture of sustainability within my workplace

δesfa
care to protect

Water

Conserve, Preserve:
Every Drop Worths

Rules

I always double check for running water after the use of toilet or kitchen

I report leaks promptly and use water- efficient appliances

I Identify opportunities such as installing low-flow faucets, rainwater harvesting systems or using recycled water

I raise awareness among my colleagues about water conservation

δesfa
care to protect

Energy

Power with care, everywhere
